

Task 1

Maths: Can you use the numbers 1, 2, 3, 4, 5, 6, 7 and 8 in each of the squares so that each side adds up to the middle number? (e.g. $7+3+4=14$)

Task 2

D&T: These chocolate chip cookies are the best I've ever tasted! Cook up a batch for the people in your house or do a socially distanced visit to someone in your family and give them some.

<https://www.bakingmad.com/recipe/copycat-millie-s-cookies>

Task 3

D&T: If you did the baking in Task 2 (or any kind of baking/cooking this week), pretend you're selling your cookies in a shop. Design a packet for your product; what logo will your product have? What will its name be?

Task 4

Maths: Have a go at solving the Solvemoji. Pay close attention to the symbols to avoid mistakes!

$$\begin{array}{l} \text{🐸} + \text{🐸} = 8 \\ \text{🐮} \times \text{🐸} = 56 \\ \text{🐼} \times \text{🐮} = 77 \\ \text{🐼} \times \text{🐸} = ? \end{array}$$

Task 5

Art: Pop Art was an art movement that started in the 1950s and is famous for the brightly coloured cartoon-like work of artists like Roy Lichtenstein and Andy Warhol. Using the images below (or have a look online if you can) design your own pop art style artwork. You can draw a picture of yourself with coloured dots or could choose an everyday item like a packet of crisps and do it in the style of the Campbell's Soup artwork.

Task 6

History: This week, there have been more protests as part of the *Black Lives Matter* movement. Watch this video on Newsround and consider why these children feel the way they do. Consider their opinions and discuss with an adult at home how these children feel and how we can help others who are in a similar situation. <https://www.bbc.co.uk/newsround/52936388>

Task 7

PE: Yoga is a great way to relax if you're feeling stressed out. Find a yoga workout for children on YouTube and have a go. Can you practise the downward dog or the cobra position?

Task 8

Literacy:
Look at the image below. Answer the questions:

What do you think the biscuit was used for?

What do you think the expression on the lady's face would show?

If you designed a world, what would it be made from?

Where would it be based?

How would you look after your world once it

Task 9

Literacy continued: Read the passage below about the photo from Task 8 and continue the story...

And so it began...

One accident, one collision and one fortuitous moment led to a series of unlikely events unfurling: the beginning of the world.

She couldn't believe her eyes... Tiny little specks appeared on her kitchen

has been created?

Would you keep it a secret or will you tell everyone?

table. On closer inspection, these little specks turned out to be people, tiny little people, all feverishly and tirelessly building their world on her table-top. Before long, tiny buildings had been constructed, forests and mountains had grown, and there were even little vehicles making their way across coffee-stained continents.

She had never even imagined in her wildest dreams that any of this had been possible, and little did she know, things were about to get even more extraordinary...

Task 10

Geography: Last week, we saw lots of rain. Research the water cycle and draw a poster to explain what happens when it rains.

<https://www.bbc.co.uk/bitesize/topics/zkkg87h/articles/z3wpp39>

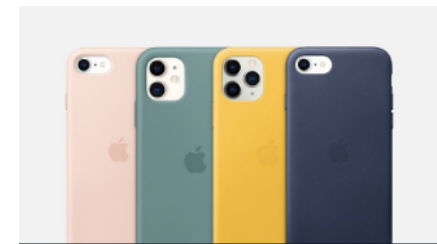

Task 11

English: take out or change **one** letter of each of the words below. How many different words can you come up with?

CHARM SEVEN FEAST
THREAT RESIGN WHOLE
STRAY FRIEND

Task 12

ICT: We spend so much time online at the moment as we find new ways to keep in touch with our friends and family. Because of this, online safety is more important than ever. Make a poster/record an informational video about how to stay safe on the internet and on your smartphones.

Remember keep practising your times tables! Also keep reading for 30 minutes a day!

Much love, stay safe, Mr Gray.
