

### Activity 1

Keep logging onto Accelerated Reader and quizzing yourself. Pick out your favourite book so far and write a review about it.

<https://readon.myon.co.uk/library/browse.html>

### Activity 2

We love Times Tables Rock Stars in Year 6 - keep up the good work and keep up your high scores.

### Activity 3

What is your favourite book or movie? Borrow its title and write a new story using the same title. Make your new story as different from the original as possible.

#### Activity 4

Look at the photo and answer the questions

##### **Literal Questions:**

**Where is the man?**

**What is the man wearing?**

##### **Inference Questions:**

**Why might the man be there?**

**Why is there a palm tree there?**

**Why is the man on an island in the sea?**

**Writing Question:** Imagine you are writing an information pack for someone who is going to be stranded on a desert island. Offer advice on how to stay calm and how to survive. What would you advise them to take with them?

#### Activity 5

Last week, Manchester United footballer, Marcus Rashford made headline news by campaigning for free school meals vouchers to be extended over the summer holidays, which resulted in the government offering the vouchers to families across the country. Many people have praised him for the good work he has done. Consider this and then answer the following question:

**Do famous people have a duty to be good role models?**

Think about whether it is important for celebrities to be good role models. Should all celebrities use their fame to make positive change? What if they don't? What if a celebrity is not a good role model?

#### Activity 6

**Look at the photo below and continue the story...**

Ever since she was little, Emily could control the weather. Whenever she felt sad it started to rain...

What happens next? What different emotions will Emily go through and what was the impact?

**Picture this:** Can you draw how the picture would look if Emily was:

- happy
- angry
- confused
- lonely
- excited
- nervous
- panicking

### Activity 7

Pointillism was an art movement where artists like Georges Seurat and Paul Signac made intricate paintings using little dots. Create a drawing on a subject of your choice such as a landscape or a person, and colour it in using little dots. The dots can be painted if you have paints at home or if you don't you could try using little dots of food colouring (using a cotton bud as your paint brush works really well) or you could use felt tips, biro pens... whatever you have at home!

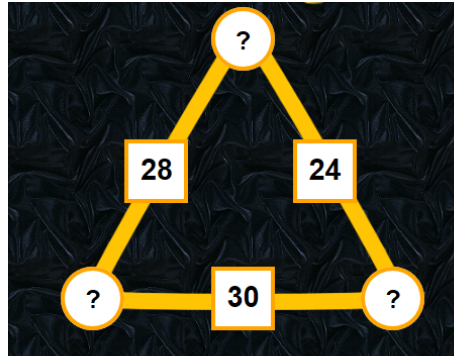

### Activity 8

*Maths triangle challenges!*

The numbers at the vertices add up to the numbers in the rectangles between them. What number does each question represent?

Once you have worked it out, make your own version of the maths triangle.

Make the pattern on the left below using coins/beads/ cut up pieces of paper at home. Change the first formation into second one. You are only allowed to move three coins - can you do it?!

### Activity 9

In Religious Education this year, we would have learned about inspirational people. Who inspires you? Can you think of and write about an inspirational person - they could be someone you know, a well-known person like Captain Tom or Marcus Rashford, or a family member. Why do they inspire you? How would you aspire to be more like them?

| <p style="text-align: center;"><b>Activity 10</b></p> <p>Mix science with PE! Find your pulse point (either in your wrist or neck) and take a resting pulse rate. To do this, use a timer on a phone and set it for one minute. In that minute, count how many beats your pulse has. Write it down then do the following exercises for a minute each; walk on the spot, jog on the spot, run on the spot, do star jumps, and stand on one leg. What impact does the exercise have on your pulse rate? Why do you think that is? If you can, go online and find out about the respiratory system and what happens when you exercise. Write an explanation.</p>  | <p style="text-align: center;"><b>Activity 11</b></p> <p>There is nothing quite like the smell of freshly baked bread filling your house. Have a go at this simple bread recipe and prepare to be amazed at how easy it is to make a fabulously tasty, bakery standard batch of bread. Use it to make your family sandwiches, butter it with garlic butter to make garlic bread or dunk it in soup! Enjoy!</p> <p><a href="https://www.bbcgoodfood.com/recipes/easy-white-bread">https://www.bbcgoodfood.com/recipes/easy-white-bread</a></p>  | <p style="text-align: center;"><b>Activity 12</b></p> <p>Word problems! Can you solve the word problems below?</p> <p>1) For every male cow on a farm there are 7 female cows. If there are 301 female cows, how many male cows are there?</p> <p>2) A shop makes £32,350 a year this year That is £2,456 better than last year. What did the shop make last year?</p> <p>3) There is 25% reduction off the price of a table in a furniture sale. The original price was £300. How much is it now?</p> |
