

### Activity 1

Keep logging onto Accelerated Reader and quizzing yourself. Pick out your top five books and rewrite the blurbs for them.

<https://readon.myon.co.uk/library/browse.html>

### Activity 2

Log onto TTRS and challenge your classmates to battles - who will score the highest?

### Activity 3

As we are nearing the end of the school year, it's important to think about going to secondary school; preparing for it will make you feel more ready to tackle the year with a clear head and optimism. Consider how you currently feel about starting secondary school. What are you excited about? What are you worried about? What methods can you adopt to help you cope with these situations?

### Activity 4

Look at the photo and answer the questions

#### Literal Questions:

- What are the people doing?
- How many people are in the picture?
- Where are they skydiving to?

#### Inference Questions:

- What is the person taking the picture doing?
- What are in their backpacks?
- What did they jump out of?
- Are they experienced?

**Writing Question:** Write a narrative about the emotions you feel as you step to the edge of the plane, breathe in deeply and dive into the open air. Think about the gush of wind that engulfs you, the feeling of air resistance as you freefall through the air and the exhilaration as your parachute opens and you peacefully make your descent back to earth.

### Activity 5

Look at the photo and answer the questions:

Is it possible for us to touch clouds?

What are clouds made of?

Can we touch what they are made of?

What is the sky?

Where does the sky begin?

Why is the sky blue?

**Picture this:** Draw a picture of yourself floating over a location of your choice. It could be looking down on a tropical island, or swinging through the stars in outer space. Use your imagination!

### Activity 6

Task 5 continued...

She pulled down on the chain with her left hand, steering herself towards her target. It was supposed to be the most exciting birthday present ever; a hot air balloon ride. However, Alice had been hanging on for dear life for over 100KM (since the basket of the hot air balloon had fallen off). She was now getting used to steering the huge balloon by manoeuvring her body, leaning to the left or to the right.

Terrified yet excited at the same time, Alice could just about make out her house and garden far below. It was the one surrounded by trees straight ahead, wasn't it?

She took a deep breath and focused...

**Can you continue the story about Alice and the hot air balloon? Will she reach the ground safely? Will she land in the right garden?**

### Activity 7

This week marks the start of Children's Art week - a celebration of art that runs for three weeks. The theme this week is The Natural World. Look at the pack from Edinburgh Art Festival called Wow Orange and work your way through the tasks - there are loads to keep you busy and we would love to see your work!

[https://www.edinburghartfestival.com/images/uploads/2020/Docs/EAFARTDIY\\_-\\_Naomi\\_Garriock\\_-\\_WOW\\_ORANGE.pdf](https://www.edinburghartfestival.com/images/uploads/2020/Docs/EAFARTDIY_-_Naomi_Garriock_-_WOW_ORANGE.pdf)

### Activity 10

Over the last few months, there have been a lot of changes in our day-to-day life. Your task for the next two weeks is to conduct a historical enquiry and answer the question: How has life changed within living memory? Your job is to find out about life in the past and what parts of life were the same or

### Activity 8

Look at the decimal Solvemojis below - you figure out what each emoji represents?

$$\text{Angry} + \text{Angry} + \text{Angry} = 1.2$$

$$\text{Angry} + \text{Angry} + \text{Surprised} = 1.7$$

$$\text{Surprised} + \text{Crying} + \text{Crying} = 2.1$$

$$\text{Angry} + \text{Surprised} + \text{Crying} = \square$$

$$\text{Surprised} + \text{Surprised} + \text{Surprised} = 1.8$$

$$\text{Surprised} + \text{Surprised} + \text{Angry} = 1.3$$

$$\text{Angry} + \text{Thinking} + \text{Thinking} = 1.1$$

$$\text{Surprised} + \text{Angry} + \text{Thinking} = \square$$

### Activity 11

Where should the apostrophe go in the sentences below?

Its cold outside today.

Writings difficult for some people.

The girls coats were lying on the floor

"That's my bag!" I shouted to the security

### Activity 9

We all know that keeping fit isn't just good for our physical health but for our mental health too. Have a go at playing 'Wallie' or 'Catch it Quick' (instructions can be downloaded from our home learning site). Once you've completed them, make another ball game that could be played either by yourself, with a partner or as a team. Think about the points system and how you would score points for your game.

### Activity 12

Word problems! Can you solve the word problems below?

1) Josie had 28 toy cars. Then she bought 28 cars from the toy store and got 24 cars for her birthday. Josie gave 6 of the toy cars to her

different for your mam/dad/grandparents/great grandparents/aunties/uncles. What was life like as they grew up? What things do you do now that they didn't? Think about games you play, technology you have access to and how you communicate. What music did they listen to? What hobbies did they have? There is a worksheet you can use to plan your enquiry and you can present your findings however you wish such as a poster, a drawing, a video, through writing etc.

guards.  
Whos that waving from the window?  
The childrens bikes were lined up ready for the race.  
The dogs mother nuzzled into them.  
The womens toilet is to the left.  
Hundreds of people packed in to the hall to hear the Mayors speech.  
Whose coat is this? Oh, its mine!

sister and 34 to her friend Dale. How many toy cars does Josie have left?

**2)** The swimming club went to a competition in another town. They took 3 cars and 2 vans. There were 5 people in each car and 4 people in each van. How many people went on the trip?

**3)** In Cassie's classroom there are red chairs, yellow chairs, and blue chairs. There are 9 red chairs. There are 2 times as many yellow chairs as red chairs, and there are 4 fewer blue chairs than yellow chairs. How many chairs are there in Cassie's classroom?
